Property for Sale

The Vision is a contemporary and stylish park home with an innovative floor plan that centres around an open-plan living space, but also has the benefit of a separate lounge.

To the exterior, large picture windows and a combination of Almond Stucco and CanExel cladding make the Vision feel very contemporary, and a feature front door under a dormer makes an impressive entrance.

Inside, the Vision features vaulted ceilings to the lounge and central open-plan living space, giving a light and spacious feel. The interior design is contemporary, fresh and stylish with stand-out features such as the breakfast bar with integrated wine racks to the kitchen, the choice of seating areas and the practical entrance with boot seat and coat hooks.
